About the RTSA

- Trans Tasman Technical Society with two parent bodies
 - Engineers Australia and IPENZ
- Established in 1997 to promote the advancement and dissemination of railway technology and management in Australasia
- Facilitate professional development of members and collaboration across the rail industry
- Over 1400 members – mainly engineers but also railway operators, managers and academics
- 6 chapters – all Australian mainland state capitals and New Zealand
- Regular programme of chapter meetings plus CORE-biennial rail engineering conference

RTSA NZ Chapter

- Regular lunchtime and evening meetings in Wellington and Auckland
 - range of rail engineering , project and operational topics
- Approximately 90 members
- WWW.RTSA.com.au
- \$A60 per year.
