Transport and Urban Design The Case for collaboration

Jeanette Ward and Gemma Dioni

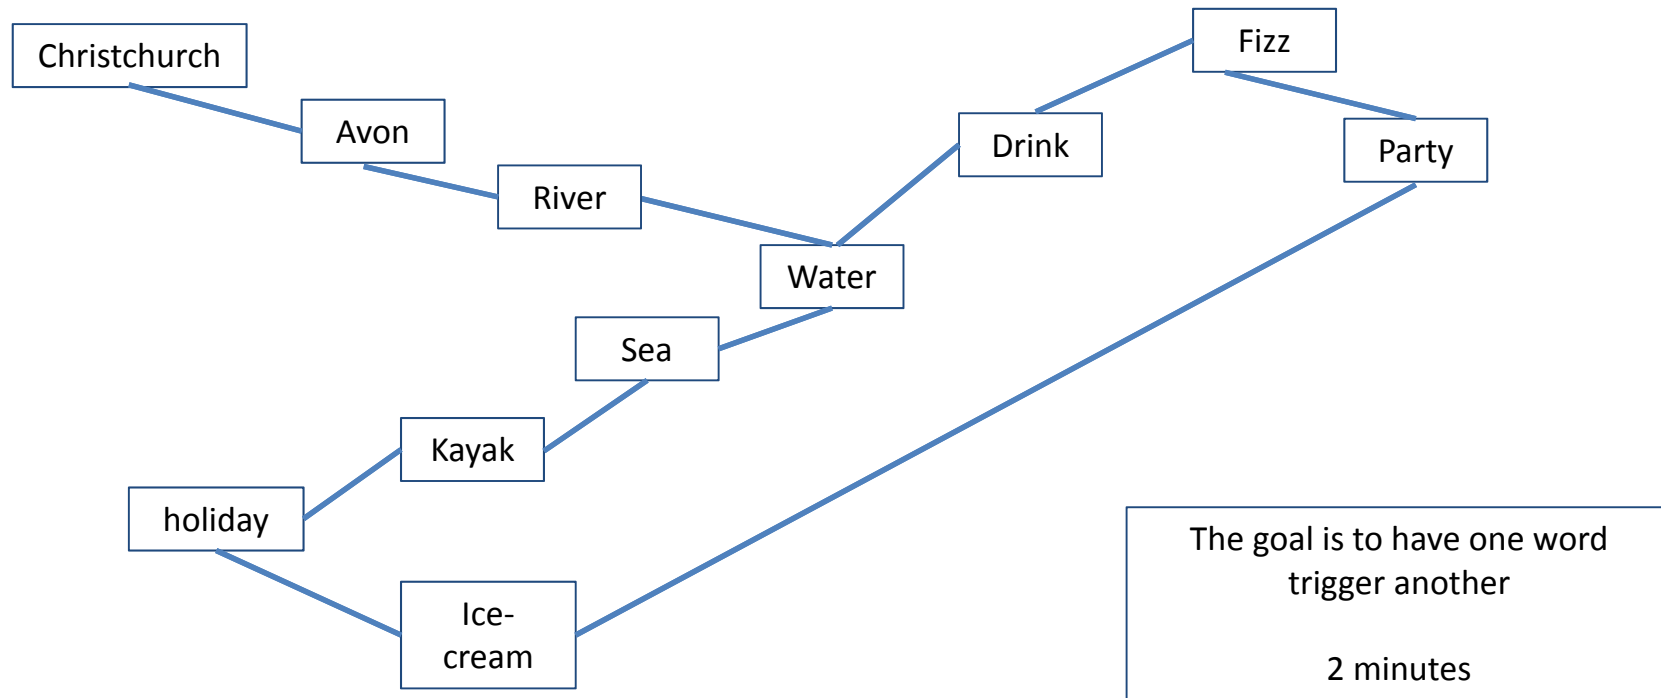

A scenario.....

Where am I?

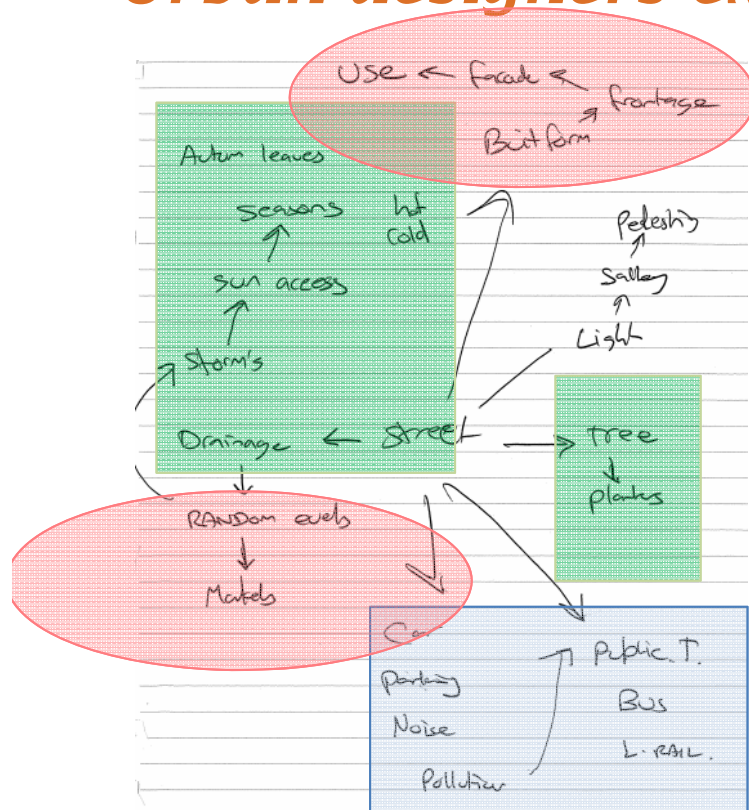

Diagramming - Example

Themes?

Urban designers example

Identifying same things and looking at the same things?

Is it just different language being used?

What are the urban design considerations?

What value is being added by the urban designer?

So...

Think of a street that you love, would it be just as great if it was just the bit between the buildings that was great?

Transport and Urban Design

Recommendations

Project team structures and processes that:

- Working together from the start and throughout
- Take a workshop approach
- Understand the non-negotiables
- Look beyond the road corridor

Design guidance and innovation

- Multi-disciplinary guidance
- Strive for flexibility
- Think innovatively

Education, training and information sharing
