

TMA Outrigger

- The Problem
- Disestablishment from accidents sites
- Increase in Wrong way drivers
- Increase of Closure Breaches intentional and unintentional
- Poor site entry of construction equipment
- TMA's parked across three lanes

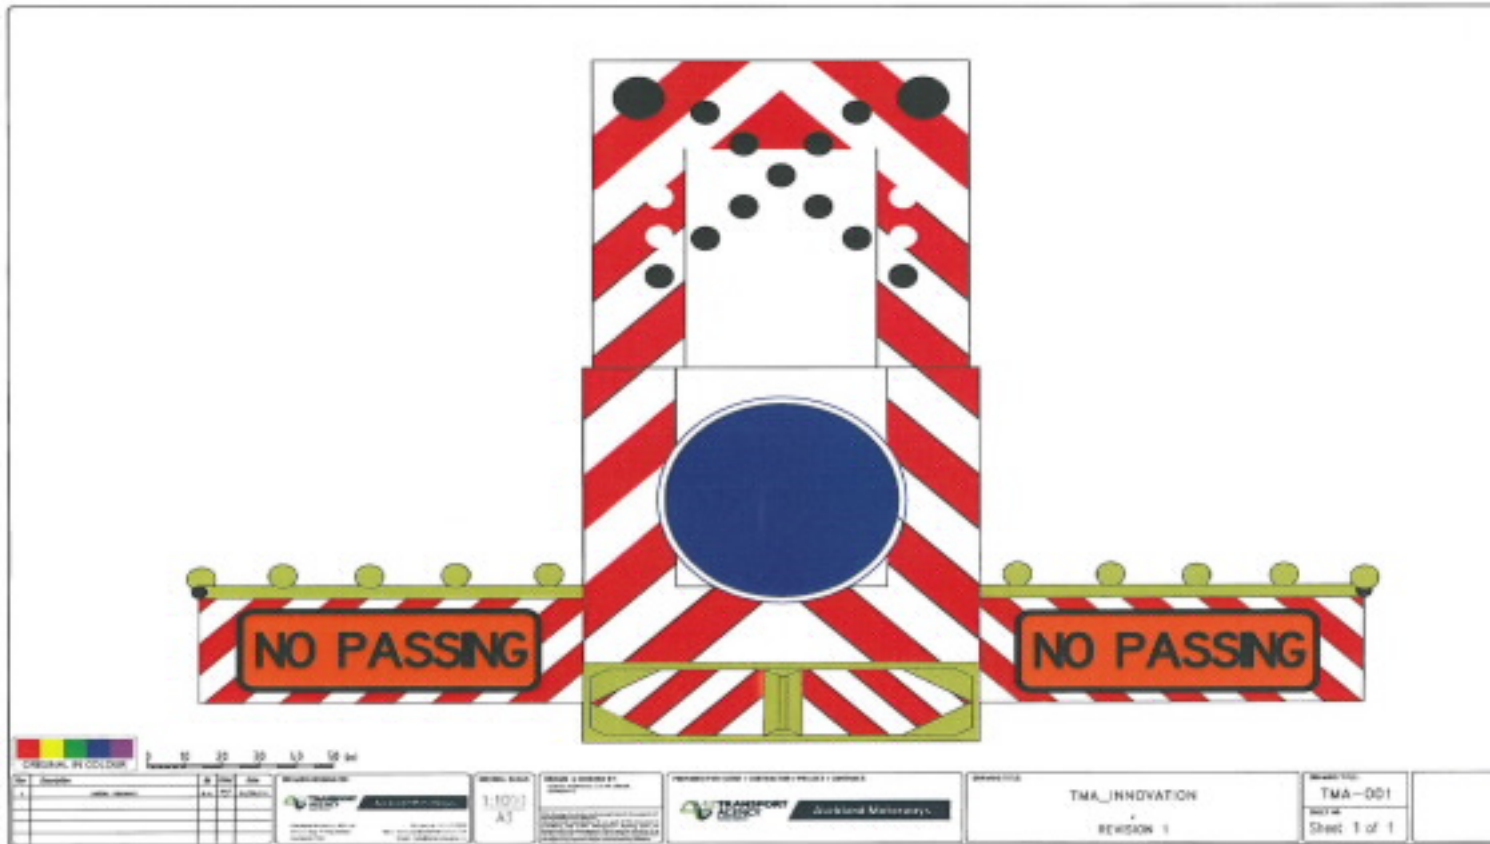

Dis establishment from site

The Solution

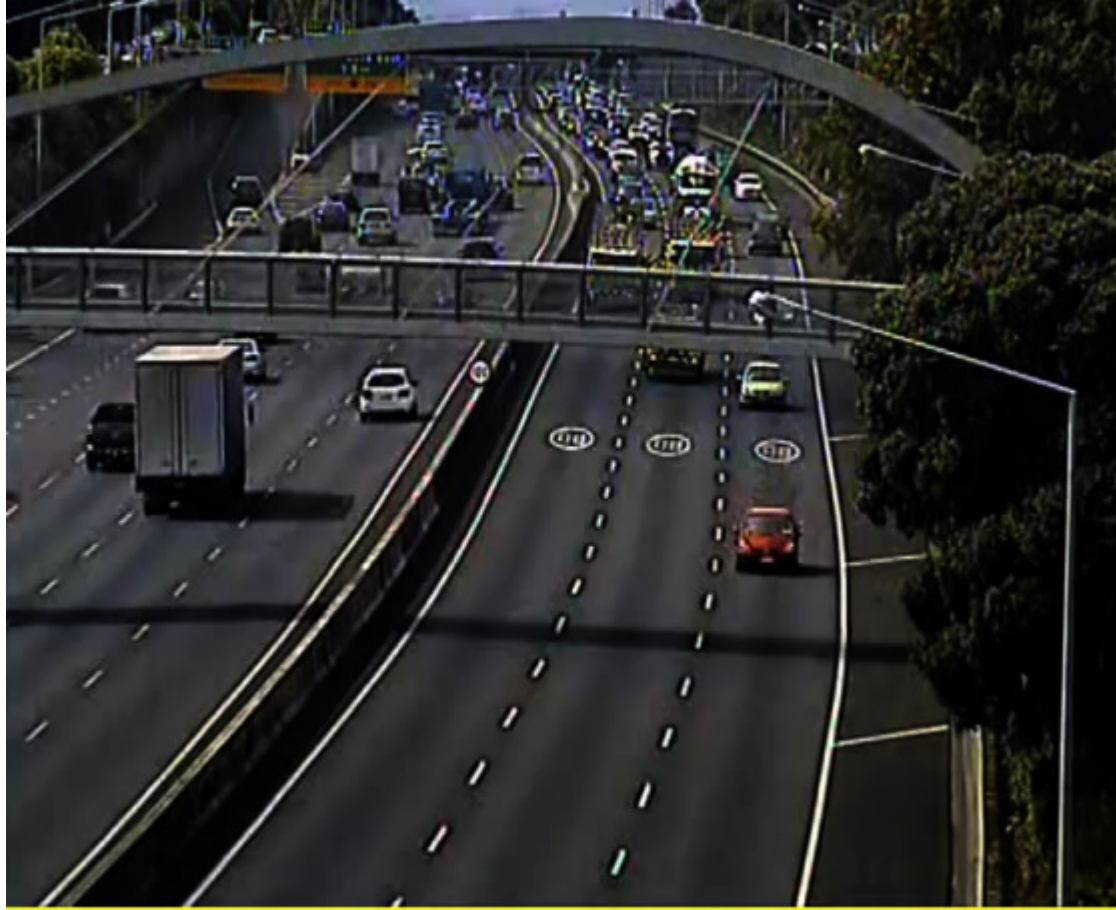

Truck Mounted Outriggers

TMA Outrigger

TMA Outrigger

- Incident response quick closure of 1-3 lanes
- Rolling blocks
- Worker Protection on static sites
- Closure Breach prevention
- Wrong way driver prevention
- Site access of construction equipment
