
Taipa | Hapu led regeneration

A model for community led Regional Economic Development?

Taipa | Hapu Centred Regeneration

How can a bridge bring about wider change?

- It's about putting **people** at the heart of the change
- It's about building **capacity**
- It's about helping a community establish their **vision**

The bridge is the catalyst for change

People at the heart of change

- Help the community make decisions
- How do we make tourism a good thing?

Building capacity

The Taipa Vision

Socio - Economic change starts with

- **people** being connected and at the heart of it
- Building **capacity** so that communities have the tools, relationships and desire to get involved
- Aspiring towards a bigger **vision**

Bridge is just a catalyst for change
