4. Scoring the Questions (1-10)

MOBILITY

Score: **5.4/10** ●●●●●●●●●●

Auckland's Mobility theme

Auckland's pedestrians and cyclists 6.3/10

Auckland's issue: TRAFFIC SAFETY!!

Stockholm (9.0/10):

- *Target 20% cycle share by 2030 (now ~5%)*
- *Development of pedestrian friendly urban areas is prioritised*

Copenhagen (8.5/10):

- *41% of all trips to work is by bike today*
- *introduces continually measures to **deter** citizens from driving*

Auckland's Public Transport 4.7/10

Photo: City Rail Link Ltd

ISSUES IN AUCKLAND:

- historical PT underinvestment gap
- not having the modal priorities right in planning & funding

The highest scores: Singapore 9/10, Beijing 8.5/10, Copenhagen 8/10, Stockholm 8/10

All the cities with high PT scoring have extensive rail based PT network, which is developed further.

Cities comparable to AKL emphasize walkability and have extensive and high quality PT.

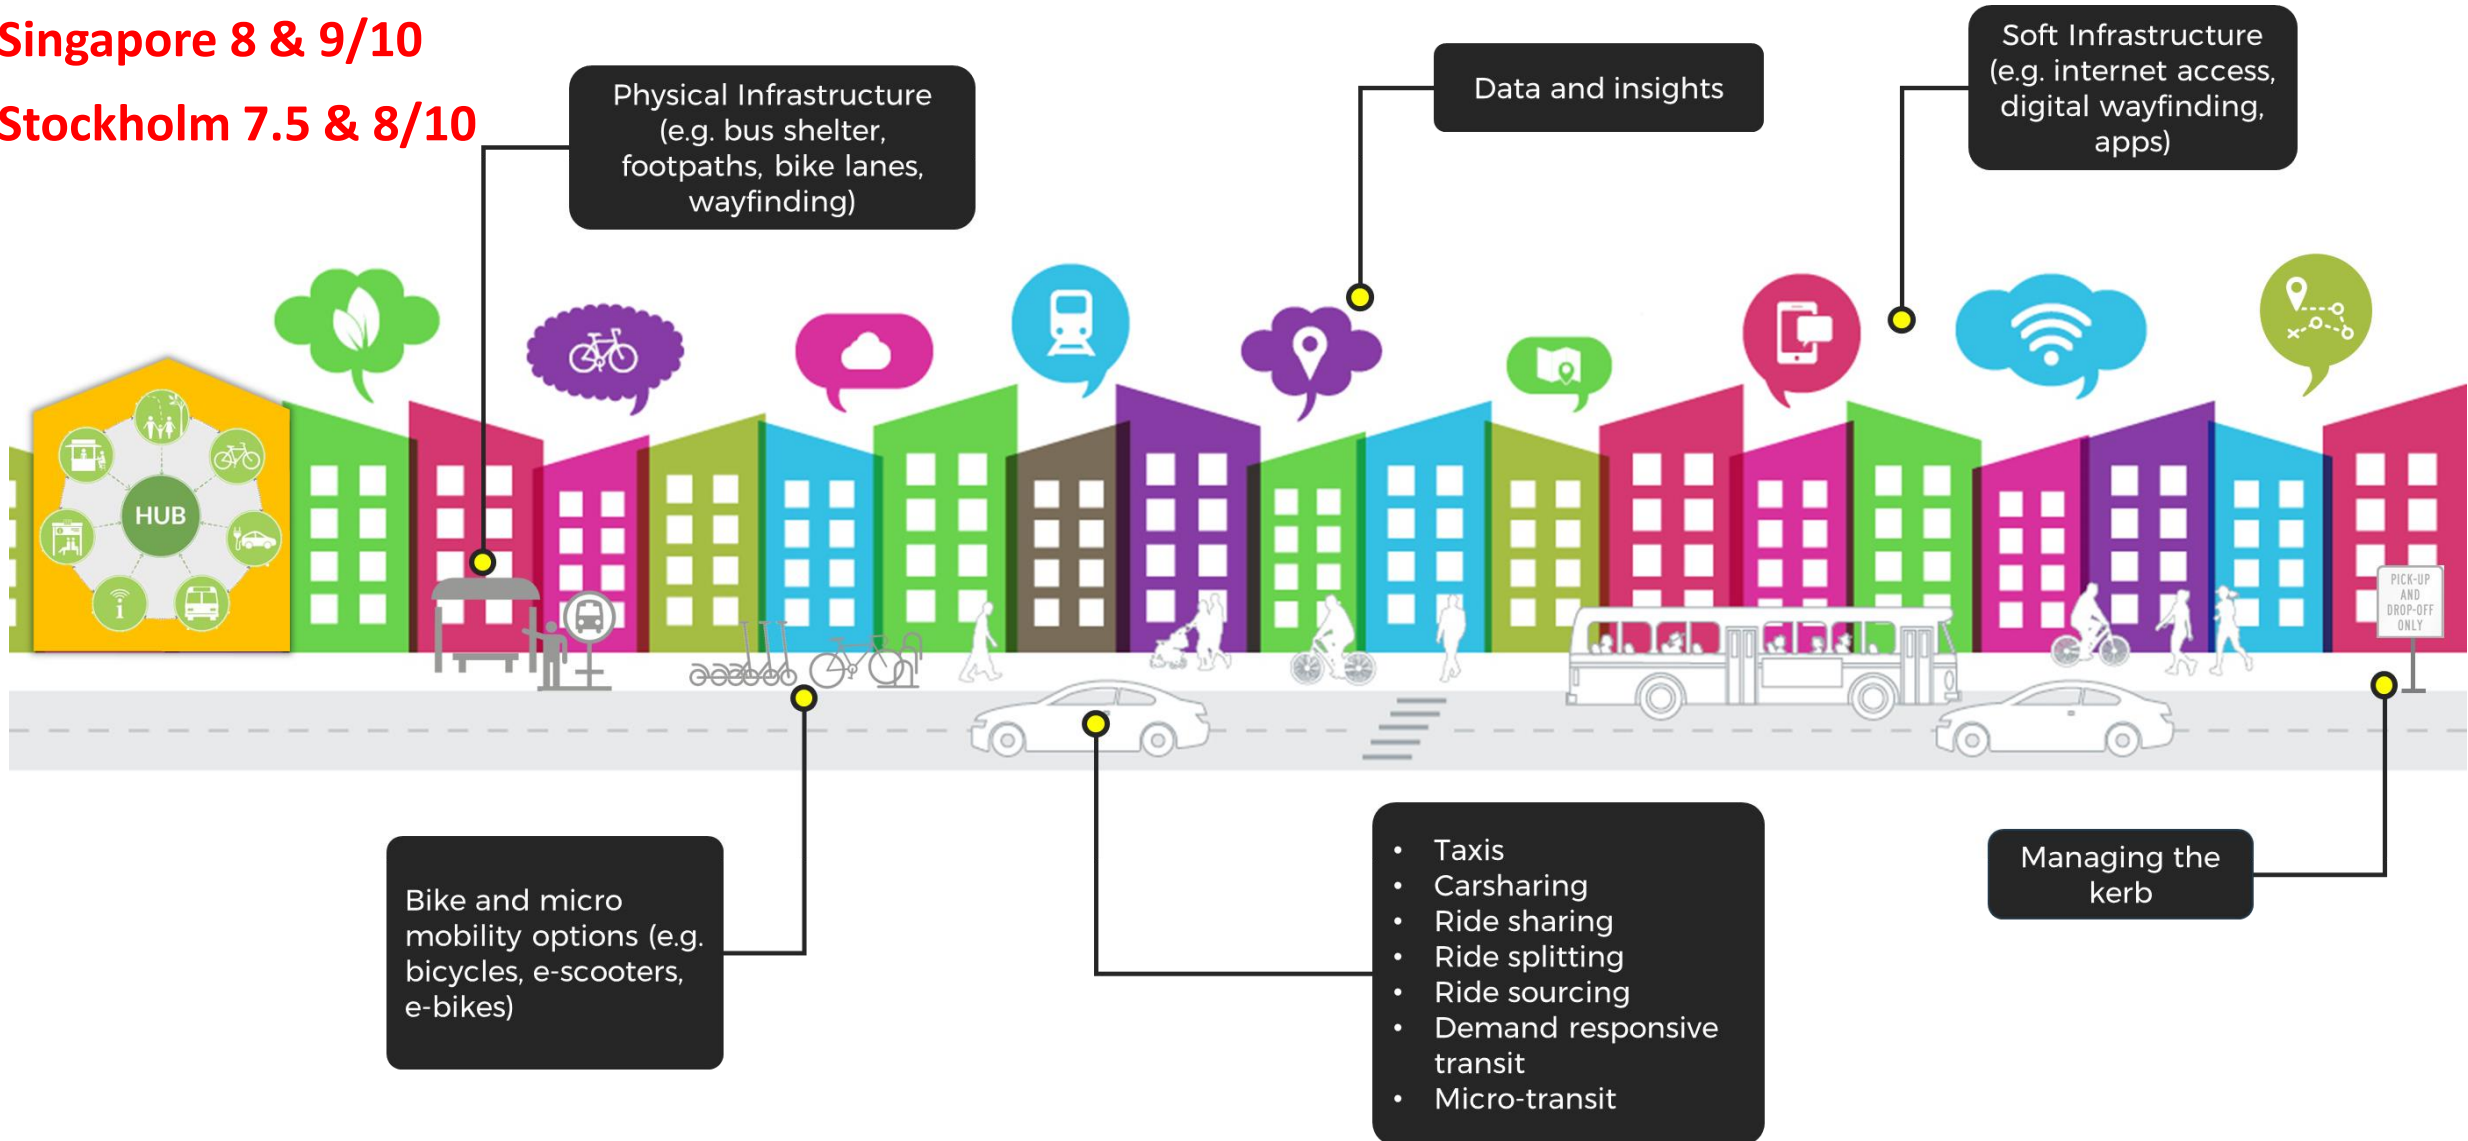

Auckland Future Mobility: Services & Technology (6.5 & 5.0/10)

Leading cities:

San Francisco 9 & 9/10

Singapore 8 & 9/10

Stockholm 7.5 & 8/10
