

Decarbonising with Dogs

Think-Piece Paper

Sian Marek, Transport Planner

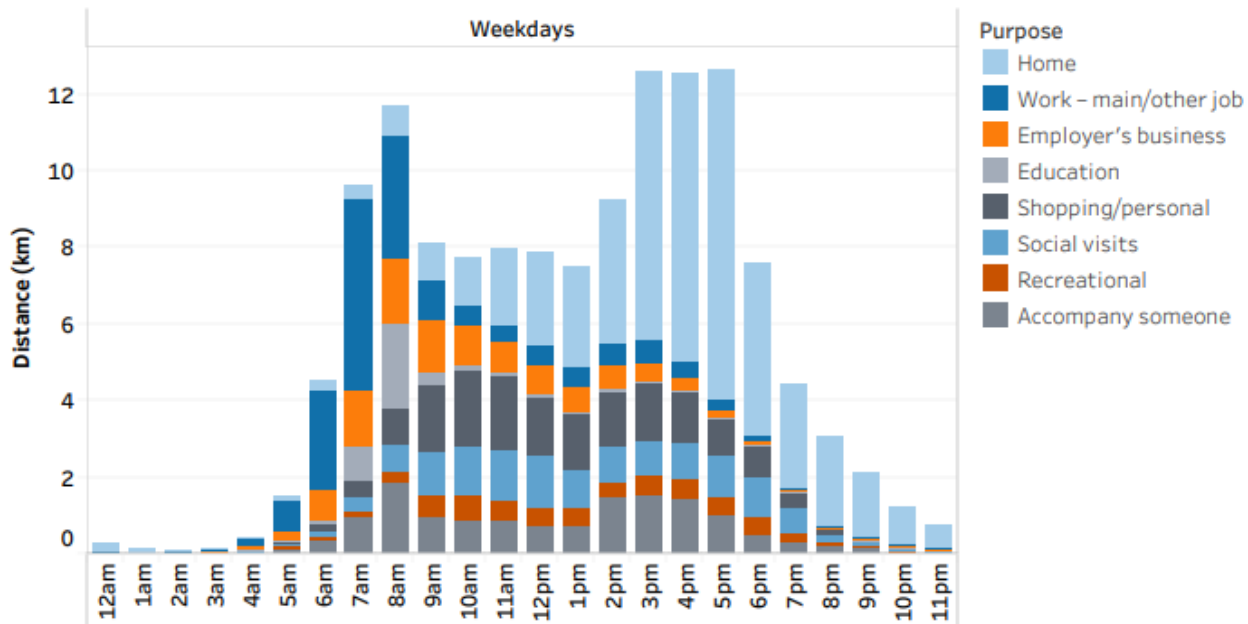

Majority of trips are less than 5km

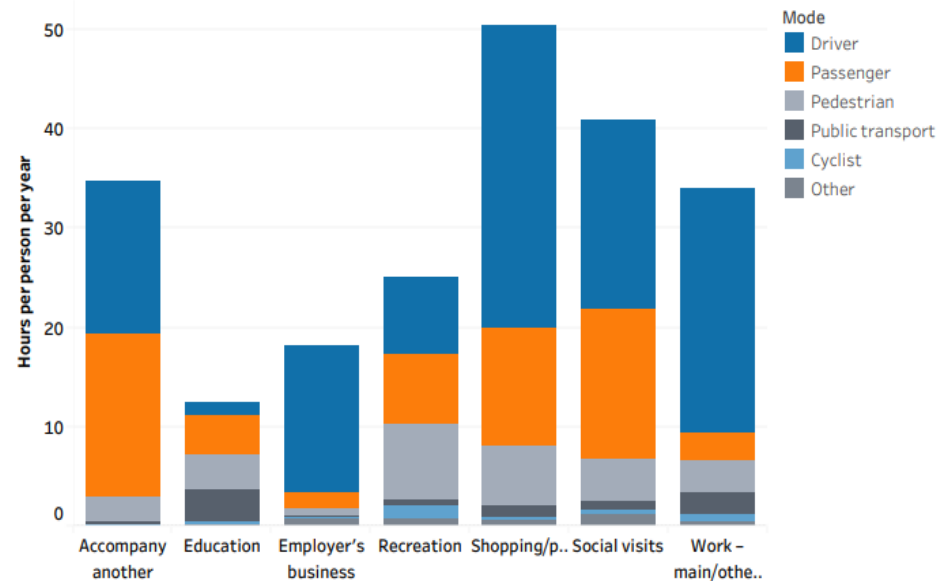

RD014 - Average distance travelled per day by purpose and time of day - 2010/14 (km)

Source: NZ Household Travel Survey

Note: Per day is approximate, assuming exactly 52 weeks a year with 5 week days and 2 weekend days

HD005 - Time spent travelling by purpose and mode - 2010/14

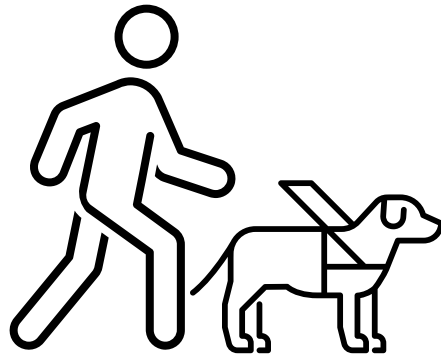

Source: New Zealand Household Travel Survey (Ministry of Transport)

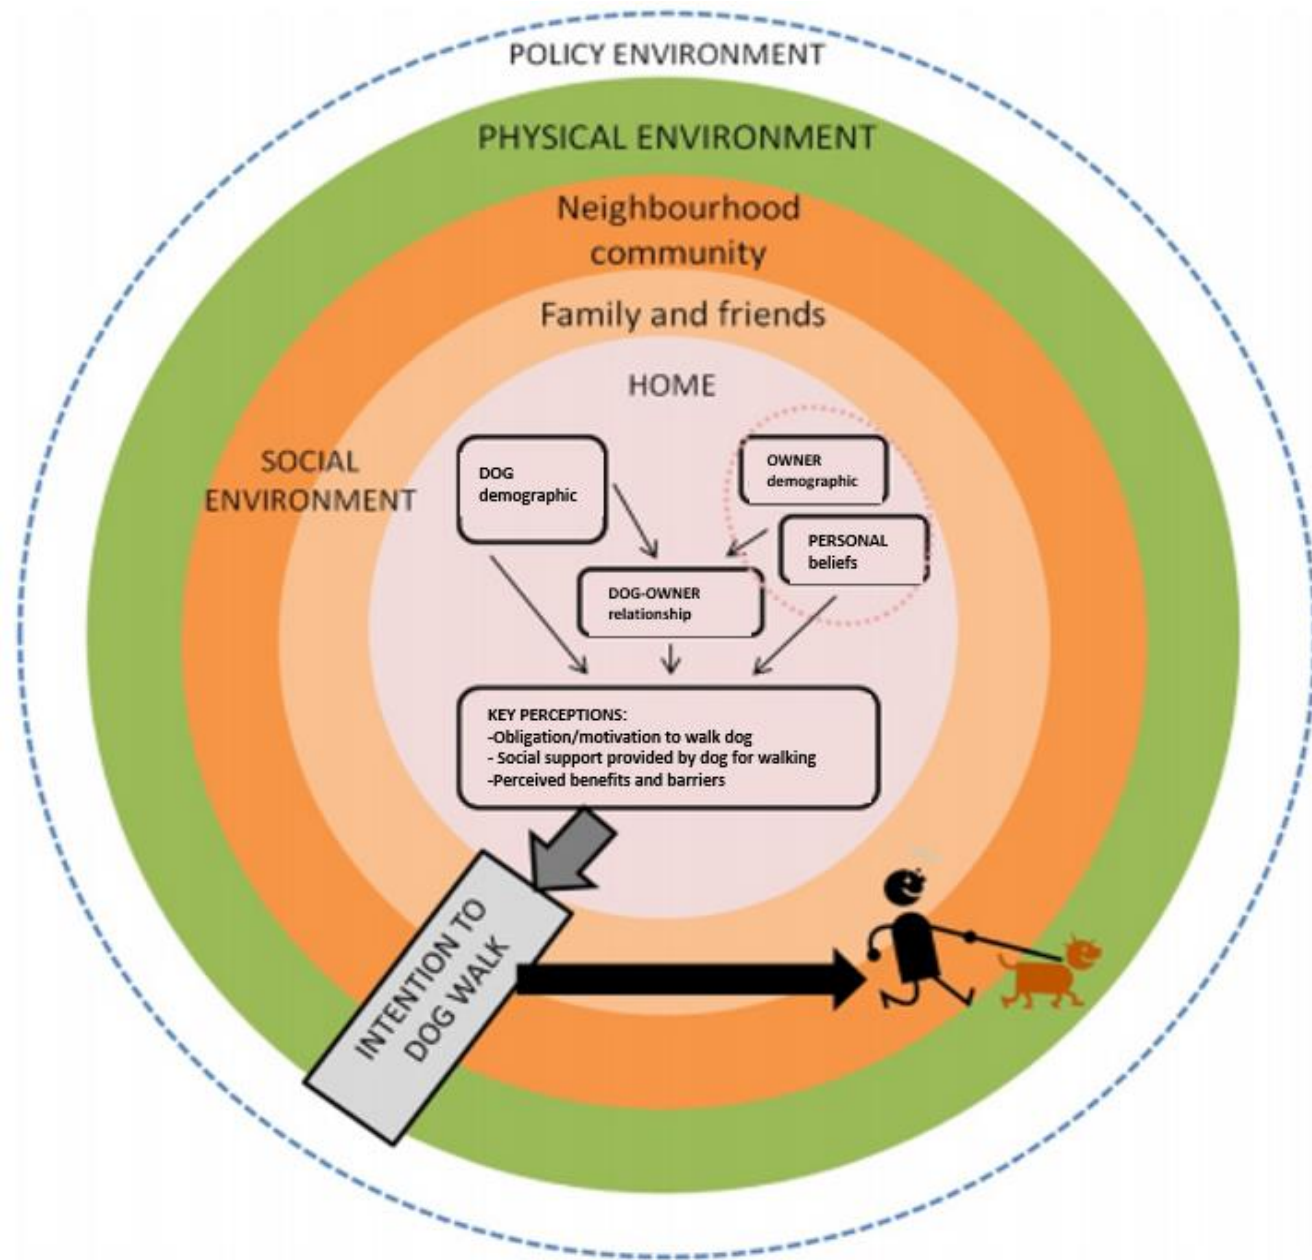

Majority of trips are undertaken in a car

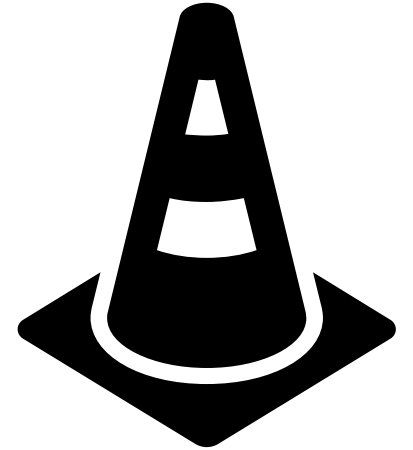

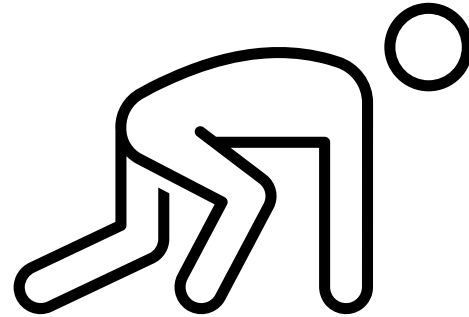

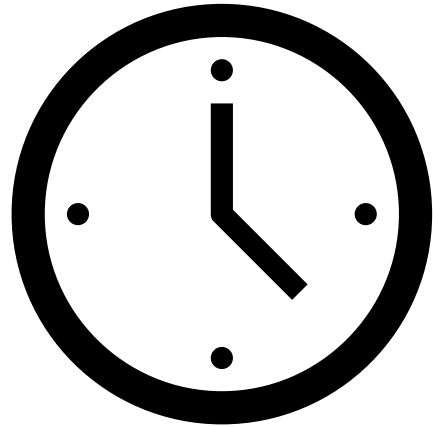

Infrastructure + Behavioural Change = Mode Shift

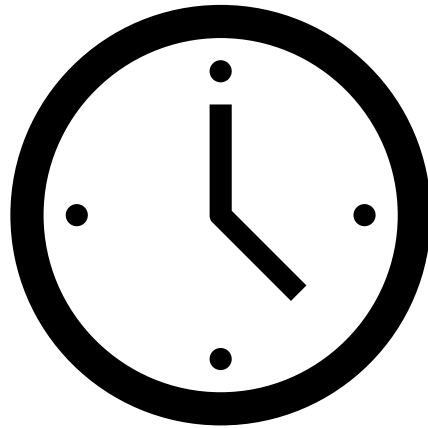

Deterrents to active mode use
